

UB Institutional Repository

NON-EXCLUSIVE AGREEMENT FOR DIGITAL CONVERSION, ACCESS, STORAGE & PRESERVATION

We, the below-signed, as the creator, copyright owner, or licensee with the authority to grant such permission, hereby grant to the University at Buffalo Libraries the non-exclusive right to digitize, provide access to, store, and reformat (for digital preservation and display) the following work(s) for noncommercial, educational purposes.

In the event that this submission contains material for which I do not hold copyright (such as quotations or images from other copyrighted works), I represent that I have obtained the unrestricted permission of the copyright owner to grant the University at Buffalo Libraries the rights required by this agreement, OR that my use of such excerpts and quotations is within the bounds of fair use, as delineated by 17 U.S. Code § 107, "Limitations on exclusive rights: Fair use." I acknowledge that University at Buffalo Libraries reserve the right to remove any content from the UB Institutional Repository (UBIR) that infringes someone else's copyright.

I acknowledge that the digitization process employed by the University at Buffalo Libraries will make the entire work publicly available at no charge to anyone with access to the UBIR website. The digitization process may also involve using search software and optical character recognition software to provide enhanced access to the contents of the document.

I also agree that the University at Buffalo Libraries will clearly identify my name(s) as the author(s) or owner(s) of the submission, and will not make any alterations to this submission, other than allowed by this agreement.

Title of work: Determinants of Pharmacodynamic Heterogeneity in Multiple Myeloma Cells

Date of work: 10 August 2017

Printed name of creator (author of work): Vidya Ramakrishnan

Signature of creator (author of work):

R. Vidya

Date: 3 January 2019
